IN RE: Request of Spring Valley High School,       ) ORDER  
120 Sparkleberry Lane, Columbia, SC       ) GRANTING  
29229, for Waiver of COCOT Guidelines.       ) WAIVER

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Spring Valley High School to increase the price to 25¢ per call and limit the conversation time to four minutes per call on all pay telephones located in front of the High School security building. According to the Principal of the school, the telephones have created a safety and security hazard for the students. The school states its belief that if the changes are made as requested, that it will help the situation.

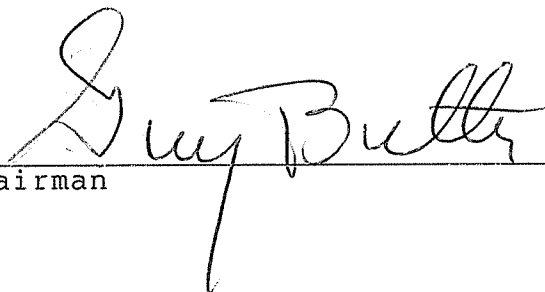

The Commission has examined this matter, and agrees that the safety and security hazards presented to the students justify an increased 25¢ per call and a time limitation of four minutes per call on all pay telephones located in front of the security building at Spring Valley High School.
